

Statement of Affirmation

As stated in the Cambridge School Handbook (pgs. 17-18 under HOME & SCHOOL PARTNERSHIP), parents and students are asked to sign a statement affirming their commitment to support the education of their children according to Cambridge's requirements for the parent involvement, standards for conduct and discipline, standards for grievance resolution, and educational philosophy and approach.

As a Cambridge parent, I have read and will support Cambridge's requirements as listed above and described in the Hand book.
