

Introducing...

We're excited to announce our new school management system – **FACTS SIS** (Student Information System). We're in the process of setting up **FACTS Family Portal** – a private and secure parents' portal that will allow parents to see academic information specific to their children, while protecting their children's information from others.

All you need is an Internet-capable computer to view information such as:

- | | |
|--|---|
|  Attendance |  School Announcements |
|  Homework |  Staff and School Directory |
|  School and Classroom Calendars |  Family Account Balances with Online Payment |
|  Teacher Contact Info |  Customized Web Surveys |
|  Teacher Websites |  Other Useful School Information |
|  Giving | |

FACTS has created a 5 minute [Family Portal Overview video](#), which will give you an introduction to the system. Please watch it at your convenience by [clicking here](#). The password to access the video is **Portal** (case sensitive).

Once we have Family Portal up and running, we'll provide you with instructions for logging in and viewing information. We look forward to your participation. Together we can improve our children's academic development and the communication between our school and your home.
