

Summer Enrichment for Rising Third Graders

Reading and Writing:

Practice using a writing journal this summer. Write about small moments and experiences, making sure you write at least one entry per week. Bring your journal to school with you in September, we'll have so much to share!

Read at least one Hans Christian Andersen fairy tale and write a summary in your writing journal. Share your thoughts about the characters, plot, and any surprises you noticed about yourself as you read.

Read Winnie the Pooh by A. A. Milne. In your writing journal, share the funniest thing that happened and write down two of your favorite sayings by Pooh. Here are two favorites: "You are braver than you believe, stronger than you seem, and smarter than you think," and "Some people care too much. I think it is called LOVE."

Other optional work: Get in the habit of skill practice each day - complete **any portion** of this workbook, **Summer Brain Quest Between 2 and 3**, by Workman Publishing (can be bought on Amazon). This is an excellent way to retain what was learned in 2nd grade. If you have something comparable to this kind of workbook, that will work!

We can't wait to see you when summer ends, enjoy these days! Play, eat, explore, talk, read, run, jump, write... **REPEAT!**

Fondly,

Mrs. Wills and Mrs. Tamayo
